## SATO HOLDINGS CORPORATION

Ryutaro Kotaki, President and CEO

Contact: Yoichi Abe, Director, Vice President and Chief Financial Officer (CFO)

Securities Code: 6287

<http://www.sato.co.jp/>

Corporate governance at SATO HOLDINGS CORPORATION (the “Company”) is as described below.

### I. Basic Views on Corporate Governance, Capital Structure, Corporate Attributes and Other Basic Information

#### 1. Basic Views

We aim to realize sustainable growth and higher corporate value on a medium- to long-term basis under our vision of becoming “the leader and most trusted company in the auto-ID solutions industry worldwide, exceeding customer expectations in an ever-changing world.” We believe that building and continuously strengthening our corporate governance system to support these aims is critical to ensuring the soundness, transparency, and efficiency of our management.

As the foundation of this system, we seek to achieve effective corporate governance for our shareholders and other stakeholders by enhancing the functionality of our Audit & Supervisory Board and the management oversight of our board of directors which is structured to constitute a majority of independent external directors for a high standard of transparency.

#### [Parts of the Corporate Governance Code that we substitute with our own, and our reasons for these substitutions]

[Supplementary Principle 4.8.2 Appointing a lead independent external director]

Setting hierarchy among external directors may increase their reliance on the leader, hindering them from forming and expressing their own views independently. As external directors have extensive experience and substantial expertise in their own fields which they should be free to tap to provide valuable input without conforming to others, the Company does not appoint a lead independent external director.

[Supplementary Principle 4.10.1 Establishment of Nomination & Remuneration Advisory Committees]

The Company has previously had nomination and remuneration advisory committees chaired by independent external directors to provide their recommendations for deliberation by the board of directors. However, our board of directors is already comprised in majority of independent external directors from diverse backgrounds who are capable of offering their involvement/advice as appropriate when reviewing matters related to nomination or remuneration.

The board of directors has decided and agreed that skipping unnecessary processes to directly discuss related matters among board members helps add more speed/perspectives to its discussions and make the board a stronger function. Instead of establishing committees for nomination and remuneration, the Company will, therefore, make the board of directors responsible for reviewing matters such as the appointment and professional development of executives and directors as well as their incentives in a systematic manner.

[Supplementary Principle 4.11.2 Directors and Audit & Supervisory Board members serving concurrent posts]

The Company values the useful and sound advice that directors and Audit & Supervisory Board members provide at board meetings based on their professional knowledge and wealth of experience, and believes that

this will not be compromised because of their concurrent commitments at other companies. We shall opt against the reappointment of external directors if they are deemed unable to fulfill their roles and responsibilities regardless of their other concurrent postings. Details of concurrent positions held by external directors are disclosed in our notice of the general meeting of shareholders and securities report.

#### **[Our stand on Corporate Governance Code principles that require disclosure]**

##### [Principle 1.4 Cross-shareholdings]

When the Company gains ownership of shares of other listed companies or maintains existing ownership of shares, we review such shareholdings from a medium- to long-term perspective, taking into account prospects for strengthening and maintaining business transactions to increase enterprise value, and potential returns and risks. The Company shall sell shares under ownership when they are deemed unlikely to bring benefits, considering impacts on the stock market that may result.

The Company has established a stipulation that requires any shareholdings in another listed entity exceeding 1% of the Company's capital be approved by the board of directors. Currently, the Company does not own any such shareholdings.

In exercising voting rights of these shares, the Company considers the management policy, business circumstances, and proposed agendas of the investee company in a comprehensive manner, making decisions based on whether or not the enterprise value of the investee company will subsequently grow over the medium- to long-term.

##### [Principle 1.7 Related party transactions]

When directors and Audit & Supervisory Board members engage in business transactions with related parties, they must obtain prior approval from the board of directors according to board regulations, and report their outcomes in detail to the board upon completion in order to avoid conflict with the common interests of the Company and its shareholders. Independent officers on the board of directors shall verify the rationality and appropriateness of such transactions.

In order to prevent actions that are detrimental to the interests of shareholders, all directors are required to submit written confirmation regarding their execution of business to the Audit & Supervisory Board every year, and report their involvement in related party transactions if any.

##### [Principle 2-6 Role as owner of corporate pension assets]

The Company operates a defined-contribution corporate pension scheme and does not have to hold any corporate pension reserves which can potentially impact our financial conditions.

##### [Principle 3.1 Full disclosure]

- (1) We make our management philosophy, target business objectives, and medium-term management plan available to the public via our website and integrated report.  
(Management philosophy)  
<http://www.satoworldwide.com/sato-group/management-philosophy---ceaseless-creativity.aspx>  
(Management objectives and medium-term management plan)  
<http://www.satoworldwide.com/investor-relations/management-policy/mid-term-management-plan.aspx>
- (2) We make our basic views on corporate governance available to the public via our website, securities report and integrated report.  
(Basic views on corporate governance)  
<http://www.satoworldwide.com/sato-group/corporate-governance.aspx>
- (3) We provide information on the remuneration policies of our directors and executive officers under "Presence of remuneration policy" in section II.
- (4) We set the term of office for directors (both internal and external) and executive officers to be one year. Candidates are selected according to appointment policies/requirements and processes defined by the board of directors.

These requirements are used to evaluate and monitor new candidates to ensure oversight and transparency of their appointment. They are also applied when the board of directors makes decisions for the dismissal of any director or executive officer.

- (5) Reasons for the individual appointments of directors and Audit & Supervisory Board members are provided in the reference documents for the general meeting of shareholders.

[Supplementary Principle 4.1.1 Scope of matters delegated to senior management]

To exercise oversight of decision-making on important management-related matters and business execution by each director/member of senior management, the board of directors clearly specifies matters stipulated by laws/regulations and the Articles of Incorporation, and important matters related to business strategies and management plans, as matters for discussion in the board for which board regulations apply. Authority over the execution of other business operations is delegated to executive officers and executive management meetings according to the Company's rules of authorization.

[Principle 4.8 Effective use of independent external directors]

The Company, recognizing the importance of gaining objective oversight for its business operations to realize sustainable growth and higher corporate value on a medium- to long-term basis, named its first external director in 1999, and has appointed multiple individuals to the role since 2002. Given the growing importance of such governance practices, our board of directors is now comprised in majority of external directors, all of whom are registered as independent external directors with the Tokyo Stock Exchange. All five selected external directors (of which two are women) have expert knowledge and extensive experience in diverse fields to support our aims in realizing sustainable growth and higher corporate value on a medium- to long-term basis.

[Principle 4.9 Independence standards and qualification for independent external directors]

Candidates for external directors must identify with and support the Company's corporate values and long-term basic strategy, and are appointed as independent external directors according to the independence guidelines set by stock exchanges. Independent external directors are required to possess sufficient knowledge and experience to ensure that decisions made by the board of directors are legitimate and logical. They should also be capable of furnishing advice, proposals and opinions that are aligned with the common interests of our shareholders from an independent and impartial standpoint.

[Supplementary Principle 4.11.1 Policies and procedures for appointing directors]

The board shall be comprised of directors with diverse professional backgrounds and perspectives so that it can draw on their diverse ideas, opinions and values. At present, the Company has appointed two executive internal directors and one non-executive internal director, the former on account of their past or current roles in different aspects of business execution, together with five independent external directors, on account of their extensive experience and expertise in fields not directly related to the Company's business.

For details, please refer to the section "Appointment and dismissal of directors, etc." under "2. Matters on Functions of Business Execution, Audit/Oversight, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System)".

[Supplementary Principle 4.11.3 Analysis and evaluation of overall effectiveness of the board of directors]

To improve the board's effectiveness and functionality, the Company had each board member (including Audit & Supervisory Board members) complete an evaluation survey to assess, for example, the composition of the board, its operations, roles/responsibilities, support system, and relationship with shareholders, collating and analyzing the results for discussion at board meetings. Evaluation results showed that the board, with external directors raising questions and opinions freely in constructive discussions, is functioning better than ever and maintains its effectiveness in making important management decisions and supervising business execution.

For issues identified in these evaluations, we will make it a point to implement changes and continuous improvements so as to further enhance the effectiveness of the board.

For details, please refer to the section “Evaluation of the board’s effectiveness” under “2. Matters on Functions of Business Execution, Audit/Oversight, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System)”.

[Supplementary Principle 4.14.2 Training of directors and Audit & Supervisory Board members]

The Company provides its directors and executive officers with opportunities to attend external seminars and conferences to learn skills for improving leadership competencies and developing business management abilities so as to better fulfill their roles and responsibilities. Audit & Supervisory Board members also attend seminars held by the Japan Audit & Supervisory Board Members Association and the Company’s accounting auditor to exchange information and opinions with their counterparts in other companies, allowing them to re-examine their roles/responsibilities and pursue development of necessary skills.

[Principle 5.1 Policy for constructive dialogue with shareholders]

We attach great importance to dialogue with shareholders as a means to help the Company realize sustainable growth and raise medium- to long-term corporate value. As part of our responsibility to explain information about our business operations to shareholders, we take care to answer questions shareholders raise at the general meeting of shareholders.

With regard to IR activities, we hold financial results briefings (twice annually) and one-on-one briefings (as necessary) for institutional investors. Our CEO, CFO, and IR department also respond to individual meetings with institutional investors actively, making efforts to reflect their opinions and requests in how we manage our business operations.

In addition, we utilize the Company’s website to proactively disclose our IR disclosure policy, financial summaries, press releases and other IR information and updates, as well as to attend to questions from investors.

When engaging in dialogue, the Company observes the quiet period and takes sufficient care to control the handling of insider information pertaining to material non-public facts in order to protect our investors and maintain their trust in the fairness and integrity of the securities market.

### Supplementary explanation

1. A Report of Possession of Large Volume made available for public inspection on November 4, 2015, indicated that Dalton Investments LLC owns the following number/ratio of our issued shares as of October 30, 2015. This information is not included in the above list as we are unable to verify their actual shareholding as of March 31, 2019.

Name: Dalton Investments LLC

Address: 1601 Cloverfield Blvd., Suite 5050N, Santa Monica, CA 90404 USA

Ownership: 1,896,200 shares

Shareholding ratio: 5.43%

According to a later report made available for public inspection on May 22, 2019, the same shareholder is indicated to own the following number/ratio of our issued shares as of May 17, 2019.

Name: Dalton Investments LLC

Address: 1601 Cloverfield Blvd., Suite 5050N, Santa Monica, CA 90404 USA

Ownership: 1,521,500 shares

Shareholding ratio: 4.36%

2. A Report of Possession of Large Volume made available for public inspection on May 31, 2017, indicated that Norges Bank owns the following number/ratio of our issued shares as of May 25, 2017. This information is not included in the above list as we are unable to verify their actual shareholding as of March 31, 2019.

Name: Norges Bank

Address: Bankplassen 2, P.O. Box 1179 Sentrum, N-0107 Oslo, Norway

Ownership: 1,749,400 shares

Shareholding ratio: 5.01%

3. A Report of Possession of Large Volume made available for public inspection on February 21, 2019, indicated that Baillie Gifford & Co. owns the following number/ratio of our issued shares as of February 15, 2019. This information is not included in the above list as we are unable to verify their actual shareholding as of March 31, 2019.

Name: Baillie Gifford & Co.

Address: Calton Square, 1 Greenside Row, Edinburgh, EH1 3AN, Scotland

Ownership: 2,185,800 shares

Shareholding ratio: 6.26%

### 3. Corporate Attributes

Listed stock market and market section	Tokyo Stock Exchange, First Section
Fiscal year-end	March
Type of business	Machinery
Number of employees (consolidated) as of the end of the previous fiscal year	More than 1,000
Net sales (consolidated) for the previous fiscal year	From ¥100 billion to less than ¥1 trillion

---

**Supplementary explanation**

---

- Establishment of Business Risk Committee

Under our Basic Policy on Internal Control to ensure effective corporate governance and proper business operations, we have established a Business Risk Committee which reports directly to the board of directors to identify, analyze, and continuously monitor risks that the Company would take in driving business when making investments and loans, acquiring and disposing of stock and fixed assets, entering into business partnerships or important agreements, and selling/buying businesses.

Chaired by the CFO and comprised of members including non-executive internal director(s) and managers who lead the Company's main departments, the Business Risk Committee is also attended by independent external directors, external certified public accountants, and attorneys at law when necessary to ensure it functions in an objective and professional manner. The committee conducts intensive analyses and evaluations on a case-by-case basis to help the board of directors make important management decisions based on adequate and appropriate information.

**[Audit & Supervisory Board members]**

Establishment of Audit & Supervisory Board	Yes
Maximum number of Audit & Supervisory Board members stipulated in Articles of Incorporation	5
Number of Audit & Supervisory Board members	4

---

**Cooperation among Audit & Supervisory Board members, accounting auditor and internal audit department**

---

Audit & Supervisory Board members attend important meetings including board of directors meetings and executive management meetings in accordance with decided audit policies and plans.

The Audit & Supervisory Board is briefed on audit plans with explanations about audit policies from the Company's accounting auditor (audit firm), and provided with quarterly audit/review reports which it uses as the basis for discussions and exchanges of opinion. The board also attends site visits by the audit firm when necessary to work with them closely.

For full-time members on the board, they get explanations about internal audit plans from our auditor office (equivalent to internal audit department; reports directly to the Company's representative director), and regularly receive internal audit results and internal control evaluations related to financial reporting. Besides attending internal audits by the auditor office when necessary to work with them closely, these members also share internal audit/evaluation results they have with external members on the same board.

Appointment of external Audit & Supervisory Board members	Yes
Number of external Audit & Supervisory Board members	2
Number of external Audit & Supervisory Board members designated as independent officers	2

## [Independent officers]

Number of independent officers	7
--------------------------------	---

### Matters relating to independent officers

- All of the Company's five external directors (of which two are women) and two external Audit & Supervisory Board members (one woman) are independent officers.
- These independent officers hold opinion exchange sessions together with non-executive internal directors and Audit & Supervisory Board members as and when needed to engage in useful discussions and share information on business management issues without the control of corporate managers, from perspectives independent of business execution. Where necessary, they will follow up on discussed issues to deliberate, report, or make suggestions within the board of directors to help solve them accordingly.

## [Incentives]

Implementation of measures to provide incentives to directors	Performance-based stock compensation plan / stock option plan
---	---

### Supplementary explanation

The Company aims to establish a clear connection between business performance/shareholder value and remuneration for the management team. Previously, we had adopted the stock compensation-type stock option plan for internal directors and executive officers which was approved at the 63th annual general meeting of shareholders held on June 21, 2013. The plan has, however, been discontinued upon adoption of the following performance-based stock compensation plan that was approved at the 66th annual general meeting of shareholders. Accordingly the Company shall no longer allocate new stock options going forward.

- Performance-based stock compensation plan

At the 66th annual general meeting of shareholders held on June 21, 2016, approval was granted for the adoption of a new performance-based stock compensation plan (hereinafter the "Plan") in which the Company's directors who concurrently serve as executive officers (excluding external directors and directors who do not reside within Japan (hereinafter the "Non-residents"); the same applies hereinafter) and executive officers (excluding Non-residents; the same applies hereinafter) (hereinafter collectively referred to as the "Directors, etc.") are issued or delivered (hereinafter collectively referred to as "Delivery, etc.") shares of the Company and converted equivalent cash amounts (hereinafter collectively referred to as "Company Shares, etc.") based on the degree of achievement of performance goals.

## Amount and details of compensation in the Plan

1. Individuals subject to Delivery, etc. of Company Shares, etc. (Subjects of Plan):  
Directors, etc.
2. Effects of subject shares of the Company on the Company's aggregate number of issued shares:  
Maximum amount of money contributed by the Company:
  - A total of ¥600 million for five fiscal years.Maximum number of Company Shares, etc. to be acquired by Subjects of Plan, and method of acquisition:
  - Maximum points that can be allocated to Subjects of Plan shall be 60,000 points per year.
  - Number of shares equivalent to the maximum points shall be 60,000 shares per year or a total of 300,000 shares over five years.
  - Ratio of the maximum number of shares to the total number of shares issued (as of March 31, 2016) is approximately 0.85%.\*Ratio of the number of shares per year to the total number of issued shares is approximately 0.17%.
  - Shares of the Company are acquired from the stock market or from the Company (disposition of treasury shares).
3. Method of calculating the number of Company Shares, etc. acquired by Subjects of Plan (Plan index):
  - Varies based on the employment position of the Subject of Plan and the Company's degree of achievement of performance goals (consolidated operating profit, etc.) for each fiscal year set forth in the medium-term management plan, etc.
4. Timing of Delivery, etc. of Company Shares, etc. to Subjects of Plan:
  - After the completion of the trust period (every five fiscal years).
  - At the point when the Subjects of Plan leave their posts during the trust period (or when an internal director serving concurrently as executive officer or an executive officer switching to directorship lose both of their statuses of internal director and executive officer).
  - At the point when Subjects of Plan become Non-residents during the trust period.

Recipients of stock options	Internal directors, employees
-----------------------------	-------------------------------

### Supplementary explanation

Recipients are directors (excluding external directors) and executive officers.

## [Director remuneration]

Disclosure of individual directors' remuneration	No
--	----

### Supplementary explanation

Total remuneration of directors in fiscal 2018 amounted to ¥271 million (inclusive of performance-based monetary and stock compensation).

Presence of remuneration policy	Yes
---------------------------------	-----

### Disclosure of remuneration policy

#### (1) Matters relating to remuneration policy

The remuneration structure for board members is an extremely important element of corporate governance. Therefore, the Company has laid down a policy for deciding remuneration amounts and calculation methods as follows.

- 1) Remuneration amount shall be set at a level capable of securing and retaining board members to make important management decisions and supervise business execution.
- 2) The Company shall establish a remuneration structure that contributes toward sustainable growth and greater medium- to long-term corporate value and resonates with the values of shareholders and other stakeholders.
- 3) The board shall set out a logical, fair, and transparent procedure to determining remuneration that the Company would comply with.

The maximum amount of remuneration for the Company's directors was approved at ¥400 million per year (not including employee wages) at the 47th annual general meeting of shareholders held on June 27, 1997.

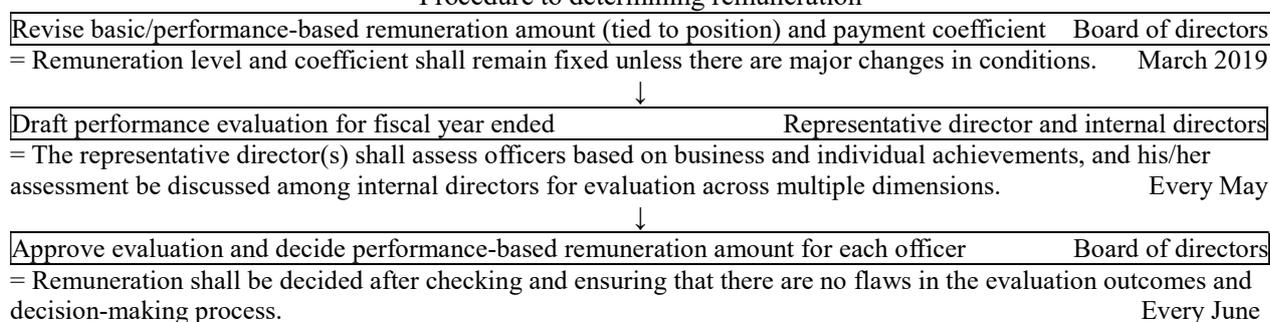

A separate stock compensation for internal directors has been added to this amount after the introduction of BIP Trust (new performance-based stock compensation plan) was approved at the 66th annual general meeting of shareholders in June 2016.

In deciding remuneration amounts and calculation methods, different agendas were deliberated at board meetings held as follows.

- May 2018 Abolishment of Remuneration Advisory Committee
- Jul 2018 Partial revision to terms of performance-based stock compensation
- Mar 2019 Revision to basic policy, remuneration model, and decision-making process
- Apr 2019 Partial revision to performance-based coefficient and yearly decision-making schedule

With regard to the agenda on the abolishment of Remuneration Advisory Committee, it was approved at the said board meeting where it was decided that the board of directors shall take the place of the committee to review matters related to remuneration since it is more inclusive and now comprised in majority of independent external directors. To ensure logical, fair, and transparent deliberations by the board, the Company has set the following procedure to determine remuneration. Compliance with this procedure strengthens the board's oversight function.

#### Procedure to determining remuneration

Remuneration for the Company's directors consists of basic compensation (fixed monetary sum), performance-based monetary compensation, and performance-based stock compensation. The weighting of each component is decided by considering balance with overall remuneration amount and position of officer, whereby those in higher positions receive a larger ratio of performance-based compensation.

The two performance-based compensation components aforementioned are dependent on business and individual achievements. Business achievement is measured by the degree of accomplishment of the consolidated operating income target for performance-based monetary and stock compensation because operating income is considered to be a direct product of business activities. Performance-based stock compensation additionally takes into account the degree of accomplishment of the consolidated EBITDA target as an indicator for intrinsic earning power. Apart from business achievement, the Company believes that the individual achievement of officers (measured against their objectives and goals pre-determined by company president) contribute toward the medium- and long-term growth of its business as well, and should therefore also be reflected in the evaluation for determining performance-based compensation.

These evaluations are discussed with internal directors and checked by the board of directors that is comprised in majority of independent external directors before they can be used in determining performance-based remuneration, as set out in the procedure chart pictured above.

In the performance evaluation for fiscal 2018, business achievement was measured using the following consolidated operating income and EBITDA figures:

Operating income ¥7.7 billion actual, vs. ¥7.3 billion target; EBITDA ¥13.3 billion actual, vs. ¥13 billion target

The above does not apply to independent external officers and non-executive internal officers responsible for management oversight, who shall only receive basic/fixed compensation due to the nature of their roles.

(2) Breakdown of remuneration for officers

	Total remuneration (millions of yen)	Fixed compensation	Performance-based monetary compensation	Performance-based stock compensation	No. of officers
Internal director	217	167	21	28	6
Internal member of Audit & Supervisory Board	39	39	-	-	2
External director	54	54	-	-	6
External member of Audit & Supervisory Board	9	9	-	-	2

Notes 1. The maximum amount of remuneration for Audit & Supervisory Board members at present is ¥50 million per year as previously approved at the 46th annual general meeting of shareholders held on June 27, 1996. With effect from fiscal 2019, this will be increased to ¥70 million per year as approved at the 69th annual general meeting of shareholders held on June 21, 2019.

2. Amounts indicated in table include remuneration for directors who retired in June 2018.

The proportions of performance-based remuneration and their evaluation weighting ratios for officers in fiscal 2018 are as follows.

Position	Fixed compensation	Performance-based monetary compensation	Performance-based stock compensation	Performance-based compensation subtotal	Evaluation weight	
					Business achievement	Individual achievement
Representative director and President	55.9%	19.7%	24.4%	44.1%	100%	0%
Director and Vice President	70.5%	11.5%	18.0%	29.5%	50%	50%
Non-executive internal director	100%	-	-	-	-	-
Internal member of Audit and Supervisory Board	100%	-	-	-	-	-
External director/member of Audit and Supervisory Board	100%	-	-	-	-	-

(3) Total consolidated remuneration for officers

Information omitted because there are no consolidated remuneration exceeding ¥100 million in total amount.

**[Support for external directors and/or external Audit & Supervisory Board members]**

- The Company does not have departments or personnel specifically dedicated to assisting external directors and external Audit & Supervisory Board members in their duties.
- The board secretariat and relevant departments furnish materials prior to board meetings, explaining details of agendas in advance where necessary.
- The Company maintains a framework that enables meeting minutes, records of resolutions such as internal approval forms, and other important documents to be shared at any time.
- Our full-time Audit & Supervisory Board members attend important company meetings and provide necessary reports to the external Audit & Supervisory Board members at their regular meetings.

- The Company provides information releases, annual Integrated Reports, in-house newsletters and other such materials.

### [Advisory positions held by former executive leaders]

Details of advisors/consultants who have previously served as President/CEO

Name	Title/ Position	Responsibilities	Work arrangement and conditions	Date of retirement as executive leader	Term of office
Koichi Nishida	Advisor	Handling outside activities with industry organizations	Full-time, with remuneration	June 22, 2012	1 year (starting July 21, 2019)
Ikuo Dobashi	Advisor	Providing advice for certain operations as per the President's request	Full-time, with remuneration	June 24, 2011	1 year (starting July 21, 2019)

Total number of advisors/consultants who have previously served as President/CEO

## 2. Matters on Functions of Business Execution, Audit/Oversight, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System)

### (1) Structure and operation of the board of directors

The Company employs an audit & supervisory board system and an executive officer system that separate the managerial decision-making and oversight function from the operational execution function so as to expedite decisions on company management.

At the point of releasing this report, we have eight directors on our board, complying with the Articles of Incorporation which limits the number of directors to no more than twelve. Out of these eight directors, two are concurrently serving as executive officers, one as non-executive director, and the remaining five as external directors. With external directors accounting for the majority, the board is able to receive opinions and suggestions from independent perspectives to function more strongly in management oversight.

The board of directors meets once a month in principle, and has met eleven times in fiscal 2018. Apart from board meetings, two joint meetings were also held last fiscal for non-executive officers to engage in free discussion to identify and sort out medium- to long-term management issues.

At board meetings, matters stipulated by laws/regulations and the Articles of Incorporation as well as important business management matters governed by board regulations are brought up for deliberation/discussion in a systematic and comprehensive manner.

In order to facilitate fair deliberation/discussion, the board does not set hierarchical relationships among directors, and rotates chairmanship among non-executive directors including external directors.

To make board meetings more effective, a pre-working session explaining important meeting agendas, industry-specific sales measures, and other background information is held before each meeting for board members to take part in various discussions and deepen their understanding of business execution. Opinion exchange sessions are also held regularly for external officers.

Besides the aforementioned, the Company also conducts executive management meetings for executive officers to deliberate and decide on other major matters related to group-wide business management, in the presence of non-executive internal directors and Audit & Supervisory Board members.

Furthermore, the Company has established a Business Risk Committee which reports directly to the board of directors, under our Basic Policy on Internal Control to ensure effective corporate governance and proper business operations. This committee works to identify, analyze, and continuously monitor risks that the Company would take in driving business when making investments and loans, acquiring and disposing of stock and fixed assets, entering into business partnerships or important agreements, and selling/buying businesses.

## (2) Evaluation of the board's effectiveness

The Company conducts yearly surveys to analyze and evaluate the effectiveness of our board of directors to check our corporate governance and take appropriate measures to sustainably increase corporate value. The following summarizes our evaluation approach and results for fiscal 2018.

### I. Evaluation methodology

At the board meeting in March 2019, we had our board secretariat explain the purpose and details of the fiscal 2018 evaluation survey before distributing it to eleven directors and four Audit & Supervisory Board members for their completion.

With the survey responses that were collected anonymously, directors and Audit & Supervisory Board members exchanged opinions regarding the evaluation at the pre-working session in April, and went on to finalize the results at the board meeting in May after reviewing the appropriateness of the evaluation approach/process and discussing the necessary areas for improvement/action.

### II. Survey themes

Designed to identify progress in improving the board's effectiveness, the survey consisted of eleven questions covering the following six topics that are based on the previous year, with reference to the Corporate Governance Code (hereinafter "CGC").

Topics evaluated (corresponding CGC principles in parentheses)

- a. Composition of the board (4.8, 4.11)
- b. Operations of the board (4.12)
- c. Roles/responsibilities of the board (4.1, 4.2, 4.3)
- d. System to support the board (4.8, 4.10, 4.13)
- e. Relationship with shareholders (5-1)
- f. Other matters pertaining to overall effectiveness (write-in question)

### III. Summary of results and areas for improvement

Directors and Audit & Supervisory Board members generally rated the board highly on its performance in making improvements from the previous year, with results reassuring us that it is adequate in effectiveness. At the same time, the evaluation brought up areas for improvement which we will seek to address as follows with speed to enhance the board's effectiveness.

#### a. Composition of the board

The board comprised in majority of external directors is functioning highly effectively in the oversight of senior management. Diversity is important, and we will strive to maintain and strengthen diversity in external directors while continuing to tackle our challenges to including more internationals and females as internal directors.

#### b. Operations of the board

More open and constructive discussions are taking place at our board meetings than before. We aim to take this to the next level by enforcing the thorough use of templates that help improve the quality of meeting materials. Through the board secretariat, we will also work to better manage progress in preparing meeting agendas to allow sufficient time for board members to read them in advance.

#### c. Roles/responsibilities of the board

A comprehensive list of matters requiring board discussion has been put together to guide and improve the submission of agendas to the board. We will make efforts to submit proposed policies/plans for business strategies in a timely manner to link these board meeting agendas more closely to deliberations at executive management meetings. We will also establish clear decision-making processes for evaluating, appointing/dismissing, and remunerating senior management to maintain effectiveness of board oversight.

#### d. System to support the board

Board members can readily seek clarifications and receive additional information via available channels, and make important management decisions based on analyses and evaluations conducted in advance by the Business Risk Committee. To facilitate information sharing with external directors and Audit & Supervisory Board members, we will continue to conduct pre-working sessions (before board meetings) and joint

meetings for non-executive officers. We will also conduct regular opinion exchange/discussion sessions for external officers.

e. Relationship with shareholders

We have been gathering shareholder feedback every six months via IR activities, and will continue to ensure that we receive even the most specific and critical of feedbacks.

f. Other matters pertaining to overall effectiveness

There is room for improvement in how we deliberate/discuss important matters of business execution, particularly those related to our business operations outside Japan. We will get our executives to submit and provide explanation for necessary agendas in a timely manner to enable stronger board oversight.

(3) Appointment and dismissal of directors, etc.

The Company's policy is to select via a transparent process candidates who are able to actively contribute to the board's managerial decision-making and oversight function with their extensive experience/expertise and excellent character/discernment.

Appointment/selection criteria are as follows.

a. Candidates for internal director or executive leader such as president

Candidates need to be executive officers who possess the following experience, skills and attributes.

- Strategic judgment from a medium- to long-term perspective (ability to get to the essence of matters, think critically, and have foresight and decisiveness)
- Leadership qualities to unite the organization and carry through radical changes (ability to lead collaboration, innovation, and talent development toward results)
- High ethical standards and accountability toward the Company and society (integrity, acumen, alignment with corporate values, and impartiality)
- Strong sense of independence and awareness of problems (pertaining to market, business, company resources, and self-improvement)
- Sufficient industry experience/knowledge and abundant mental/physical strength (work performance and personal health)

Candidates for president, for example, must also have an outstanding track record of delivering results in addition to the above.

b. Candidates for external director

Candidates need to meet the following requirements, and be chosen from diverse fields of specialization (such as business management, academia, law, or finance). The number of external directors must account for majority of the board for proper governance.

- Able to get to the essence of matters and raise issues to management in a rigorous manner
- Able to place priority on attending the Company's board meetings and committing to board duties

c. Appointment/selection process

A list of qualified candidates is prepared and submitted to the board for deliberation.

- When selecting executive leaders, the board bases its deliberation on the feedback and consensus of internal directors.  
Selected candidates are required to report their duties regularly to the board and be evaluated across multiple dimensions for performance monitoring.
- For internal directors, the candidate list is prepared with the advice of external officers.
- For external directors, the candidate list is prepared based on recommendations made by internal and external officers after discussing them among internal directors.

d. Dismissal process

For executive leaders, they can be dismissed upon consent by the board if there is objective evidence or other reasons to suggest that they are deviating materially from the appointment/selection criteria. Similarly for directors, they will not be nominated for election or reelection at the next general meeting of shareholders if they are deemed to not fully meet the criteria.

With the aforementioned policies/requirements and processes, we work to maintain and strengthen the effectiveness of our corporate governance.

#### (4) Audit checks

##### [1] By Audit & Supervisory Board

The Company has an Audit & Supervisory Board, which consists of four members (including 2 external members). Audit & Supervisory Board members attend board of directors meetings to ensure that the conduct of all directors is compliant with laws/regulations and the Articles of Incorporation while also attending other important in-house meetings such as executive management meetings where they audit/supervise different decision-making processes and resolutions reached, expressing their opinions when necessary. Members undertake a wide range of other activities, including verifying the readiness/operation of internal controls, examining the financial reporting system, reviewing various report materials, and checking the independence and audit quality of the Company's accounting auditor (audit firm). In addition, they work with the audit firm to receive quarterly audit/review reports, exchange opinions and gather information as required to create an environment conducive to proper auditing. They also work with our auditor office to regularly receive internal audit results and internal control evaluations concerning financial reporting to perform assessments across multiple dimensions.

The meeting and attendance records for the Audit & Supervisory Board in fiscal 2018 are as follows.

Name	Meetings held	Meetings attended
Nobuhiro Yokoi	11	11
Junichi Nagakura	11	11
Takao Yamaguchi	11	11
Noriko Yao	11	11

At Audit & Supervisory Board meetings, deliberations primarily focus on the Japan headquarters' governance of its overseas subsidiaries or merged/acquired businesses with regard to their startup operations or level of integration with corporate strategies. In these instances, the Audit & Supervisory Board analyzes quantitative and qualitative information that it receives from overseas headquarters and finance & accounting departments to check for proper handling of issues. If there are areas for improvement, the board provides feedback to the management team and requests the Company's executives to take actions accordingly.

Full-time Audit & Supervisory Board members help the board function effectively by conducting audit activities on subjects with accurate, on-site information and sharing necessary reports with external members on the same board for them to provide opinions for discussion based on their respective professional knowledge and objective perspectives. They contribute to the sound and sustainable development of the Company in partnership with our accounting auditor and auditor office.

##### [2] By internal audit department

Our auditor office (six members), which reports directly to the company president, is responsible for performing internal audits to provide objective, independent reviews for assurance and advisory oversight. Based on internal audit plans set at the beginning of the fiscal year, the auditor office audits operations at our business locations in Japan and overseas to evaluate their various management activities related to governance, risk management, and control processes to identify areas of possible improvement. The office submits its reports to the president who then instructs relevant managers/departments to make improvements and report back accordingly. It also shares these internal audit results regularly with the Audit & Supervisory Board.

##### [3] By accounting auditor

The Company receives accounting audits from professional services firm PwC Aarata LLC, in compliance with provisions of the Companies Act and Financial Instruments and Exchange Act. There exist no material relationships of interest between the Company and the audit firm or its personnel conducting our accounting audits that need to be reported under the Certified Public Accountants Act.

##### a. Name of audit firm

PwC Aarata LLC

##### b. Audit tenure

5 years

c. Certified public accountants responsible for the Company's audits

Name	Audit firm	Continuous years of engagement
Tsuyoshi Saito, designated limited liability partner	PwC Aarata LLC	5
Tatsuya Chiba, designated limited liability partner	PwC Aarata LLC	2

d. Composition of audit team

Also assisting with the accounting audits are eleven certified public accountants, five accountants (without CPA license), and twenty four other personnel.

e. Policy/Reason for selecting audit firm

The Company selects our audit firm after comprehensively considering various factors including independence, quality control system, and global audit infrastructure, in accordance with our selection/evaluation criteria for accounting auditor.

f. Evaluation of audit firm

In accordance with our selection/evaluation criteria for accounting auditors, full-time Audit & Supervisory Board members prepare audit working papers at term end each year to evaluate the audit firm's activities for further discussion and deliberation at Audit & Supervisory Board meetings.

The audit firm is evaluated on the following aspects to determine its overall propriety as accounting auditor:

1) Quality control; 2) Personnel; 3) Fees; 4) Communication with Audit & Supervisory Board members; 5) Relationship with corporate managers, etc.; 6) Group audits; 7) Risk of misconduct

For the fiscal year ended, the audit firm has been given an overall good rating by our Audit & Supervisory Board for making effective use of the strengths of its global network in its audits.

(5) Audit fees

a. Fees paid to audit firm (as auditor remuneration, etc.)

	Fiscal 2017		Fiscal 2018	
	Fees for audit & attestation services (millions of yen)	Fees for non-audit services (millions of yen)	Fees for audit & attestation service (millions of yen)	Fees for non-audit services (millions of yen)
The Company	57	-	53	-
Consolidated subsidiaries	9	-	9	-
Total	67	-	63	-

Note. In addition to the above, ¥2 million was paid during fiscal 2018 as fees for fiscal 2016's English consolidated financial statements.

b. Fees paid to other associates belonging to the same PwC network

	Fiscal 2017		Fiscal 2018	
	Fees for audit & attestation services (millions of yen)	Fees for non-audit services (millions of yen)	Fees for audit & attestation service (millions of yen)	Fees for non-audit services (millions of yen)
The Company	-	6	-	1
Consolidated subsidiaries	59	18	57	11
Total	59	25	57	12

c. Other audit fees deemed material

(Fiscal 2017)

Not applicable

(Fiscal 2018)

Not applicable

d. Audit policy

The policy is set taking into consideration a number of factors including company size, business characteristics, and audit duration, and decided with the approval of the Audit & Supervisory Board.

e. Justification for audit fees

In accordance with the practical guidelines for working with accounting auditors released by the Japan Audit & Supervisory Board Members Association, the Company's Audit & Supervisory Board checks the audit duration and fees in the audit firm's current audit plan against its previous audit plans and performance to review the appropriateness of the remuneration amount quoted. This remuneration is then approved by a majority rule of the board, as stipulated by Article 399, Paragraph 1 of the Companies Act.

### **3. Reasons for Adopting the Current Corporate Governance System**

We strive to manage business in a fair and highly transparent manner by setting out corporate values and management policies, and thoroughly putting them into practice in order to achieve sustainable growth and higher medium- to long-term corporate value. Currently, five (of whom two are women) of our eight directors are independent external directors. When the board of directors meets, members engage in active discussions and share information on business management issues, based on their expert knowledge and extensive experience in diverse fields. External directors, non-executive internal directors, and Audit & Supervisory Board members also hold opinion exchange sessions as and when needed, following up on discussed issues where necessary to deliberate, report, and make suggestions within the board of directors to help solve them accordingly.

At the basis of these activities is Teiho (Original ideas, Innovations, and Proposals), SATO's very own system introduced in 1976 for employees to write short daily reports (within a set word count) about their ideas or suggestions to better the Company, and submit them directly to top management. Employees feel a sense of involvement in running the Company through these daily Teiho reports, and this also contributes to our corporate governance. In addition to our board of directors and Audit & Supervisory Board, we will continue efforts to achieve a strong and effective corporate governance system by maintaining and strengthening our bottom-up management through Teiho.

### III. Implementation of Measures for Shareholders and Other Stakeholders

#### 1. Measures to Vitalize the General Meeting of Shareholders and Allow Voting Rights to Be Exercised Smoothly

	Supplementary explanation
Early notification of general meeting of shareholders (convocation notice)	The Company sends out the notice of the general meeting of shareholders at least three days ahead of the legal minimum notice period of two weeks. We will strive further to send early notifications.
Scheduling general meeting of shareholders to avoid peak days	Since 2000, the Company has been holding its general meeting of shareholders in June avoiding dates that are generally popular. Our general meeting of shareholders in 2019 was held on June 21.
Allowing electromagnetic voting	Since 2014, the Company has been using online voting for our general meeting of shareholders, accepting votes through electromagnetic means (personal computer, smartphone or other portable phone).
Participating in electronic voting platform and other improvements in how institutional investors vote	Since 2014, the Company has been using the electronic voting platform services operated by ICJ, Inc. for our general meeting of shareholders to ensure that institutional investors have sufficient time to conduct reviews.
Providing convocation notice (summary) in English	The Company posts an English-translated summary of the convocation notice on websites of the Company and the Tokyo Stock Exchange.
Others	The Company posts the Japanese convocation notice and its English-translated summary on websites of the Company and the Tokyo Stock Exchange prior to sending them to our shareholders. Since 2010, we have made voting results available to the public via the Company's website and extraordinary reports.

## 2. IR Activities

	Supplementary explanation	Explanation by representative
Creating and publishing of disclosure policy	In addition to a basic policy, we have also established standards, methods, and quiet periods for information disclosure, and uploaded these on the Company's website.	
Regular briefings for individual investors	As part of our responsibility to explain information about our business operations to shareholders, we take care to answer questions shareholders raise at the general meeting of shareholders. Starting in fiscal 2017, we have also been holding briefing sessions for individual investors some four times each year.	Yes
Regular briefings for analysts and institutional investors	We hold financial results briefings (twice annually) and one-on-one briefings as necessary. We also hold approximately 250 individual IR meetings annually, seeking to achieve sustainable growth and higher corporate value on a medium- to long-term basis.	Yes
Regular briefings for overseas investors	Since 2012, the CEO has led visits to institutional investors in Europe to meet with them one-on-one and furnish explanations on overall business activity, our medium-term management plan and its progress. Visits have come to include U.S.A. and other countries as well, starting 2013.	Yes
Posting of IR materials on website	We upload materials including our management philosophy, target business objectives, medium-term management plan, and statutory and voluntary disclosure materials such as notices for the general meeting of shareholders (Japanese and English summary), securities reports, quarterly reports, financial results reports (Japanese and English), annual integrated reports (Japanese and English), information releases, and financial results briefing materials. Through our website we also operate an e-mail service offering IR information and updates including financial summaries and press releases to interested parties, and actively respond to IR-related questions from individual investors.	
Establishment of department and/or manager in charge of IR	We have established the IR office as a dedicated department for IR. See Section I [Principle 5.1] for details.	

### 3. Measures to Ensure Due Respect for Stakeholders Updated

	Supplementary explanation
<p>Implementation of environmental activities, CSR activities, etc.</p>	<ul style="list-style-type: none"> <li>•The value our business provides our customers in ensuring accuracy, saving labor and resources, and offering reassurance is environmental in nature. With our Eco-management Committee leading the way, we also actively develop environmentally-friendly products and engage in environmental conservation activities on top of implementing the ISO14001-based environmental management system throughout our company.</li> <li>•From 2014, we began participating in the Forest of Companies project as part of the Pollenless Forestation campaign organized by the Tokyo Development Foundation for Agriculture, Forestry, and Fisheries to plant an area of forest in Ome City and carry out weeding and other conservation activities there on a yearly basis.</li> <li>•These contributions led us to receive certification in October 2016 on Forest Maintenance Support under the Tokyo Forest Action accreditation system operated by the Agriculture, Forestry and Fishery Division of the Tokyo Metropolitan Government’s Bureau of Industrial and Labor Affairs.</li> <li>•In December 2012, we became the first company in the Japanese label industry to obtain the Carbon Footprint of Products certification which allows us to display how much CO<sub>2</sub> a product emits over its life cycle.</li> <li>•In the same year, our plant for barcode printers (R&amp;D/production) and stickers/labels (production) in Kitakami City, Iwate Prefecture, was recognized as a four-star “Iwate Earth-friendly Business Site” by the local prefecture for its active measures in controlling CO<sub>2</sub> emissions to stop global warming.</li> <li>•Companies are inseparable from society and the natural environment, and this is why we make it our corporate social responsibility to contribute to society through our core business. We position CSR activities as actions that define how we interact with the environment and lay the path to sustainable growth for the Company. See our website for details. (CSR activities) <a href="http://www.satoworldwide.com/csr.aspx">http://www.satoworldwide.com/csr.aspx</a></li> </ul>
<p>Formulation of policies on providing information to stakeholders</p>	<p>See Section I [Principle 3.1] for details.</p>

	Supplementary explanation
Others	<ul style="list-style-type: none"> <li>• Under our vision of becoming "the leader and most trusted company in the auto-ID solutions industry worldwide, exceeding customer expectations in an ever-changing world," we make efforts to promote diversity as part of our business management strategies aimed at achieving globalization and maximization of customer value while keeping ourselves relevant and connected to our corporate motto of Ceaseless Creativity. We will endeavor to respect individual differences and strengths as we generate innovative ideas to stay competitive in the global marketplace and continue to evolve our business to better address the diverse values and needs of customers around the world.</li> <li>• We are also focusing efforts on driving the active engagement of female employees, which involves creating a workplace environment complete with supporting systems that allows all to work with peace of mind while maintaining work-life balance even with maternity, childcare and other commitments. Currently, two of our five external directors, one of our two external Audit &amp; Supervisory Board members, and one (non-Japanese) of our 10 executive officers (excluding those concurrently serving as directors) are female. In addition, we have taken part in the declaration signing for a call to action from the Japanese government urging male business leaders to create "A Society in Which Women Shine," and will strive to drive diversity further through women empowerment.</li> <li>• In July 2015, we launched a full-scale wellness management scheme to improve the health of all employees in line with our positioning of promoting employee health as part of our business management strategies.</li> <li>• We have Teiho, our very own system introduced in 1976 for employees to write short daily reports (within a set word count) about their ideas or suggestions to better the Company, and submit them directly to top management. This is an important system that gets all employees involved in running the Company, and we will utilize and keep on improving it to help us fulfill the expectations of our stakeholders.</li> </ul>

## IV. Matters Related to Internal Control

### 1. Basic Views and Systems regarding Internal Control

The SATO Group's Basic Policy on Internal Control is as follows:

1. System to ensure that the execution of duties by directors and employees of the Company and its subsidiaries complies with laws, regulations and the Articles of Incorporation

Acting in line with our corporate values, we shall leverage Teiho, our very own knowledge management system, to maintain and enhance a transparent framework that involves the participation of all employees in business management based on our culture of sharing information and reporting. We shall also establish points of contact for group employees to report any potential compliance violations. The Company's auditor office shall conduct audits on group companies to ensure compliance with the Articles of Incorporation and internal rules.

2. System to store and manage information related to the execution of duties by the Company's directors

Minutes of important meetings and records of important resolutions shall be stored and managed properly in accordance with document control standards and internal approval rules. We shall also establish an in-house system enabling the accurate and timely disclosure of company information.

3. System and supporting processes to manage the risk of loss at the Company and its subsidiaries

The Business Risk Committee identifies, analyzes, and monitors risks that the Company would take in driving business, and the board of directors shall deliberate its reports to make prompt, appropriate decisions for business management.

As for other general risks we must avoid in our business operations, the Risk Management Committee shall meet regularly to manage such risks across all group companies.

The committee shall identify risks, determine preventive measures to hedge risks, decide on how to deal with risks, and take the central role in discussing the necessary responses should major risks occur or become likely to occur.

4. System to ensure the efficient execution of duties by directors of the Company and its subsidiaries

We shall drive the understanding of and compliance with the Group's medium-term management plan that is formulated under a long-term basic strategy. The plan shall be translated into tangible strategies with their progress monitored regularly. Information on progress status shall be shared at meetings attended by the senior management of the Company and its key group companies to facilitate collaboration.

5. System for directors, employees who execute business operations, and persons who perform roles as stipulated in Article 598, Paragraph 1 of the Companies Act (or equivalent) at SATO Group's subsidiaries, to report matters concerning the execution of their duties to the holding company

Group companies undertake agreements concerning company management that require them to report financial conditions/results and other important matters of business management regularly to the Company, which shall make decisions as necessary in accordance with subsidiary management rules and other internal regulations.

6. Matters concerning staffing requests from the Company's Audit & Supervisory Board

We shall discuss and decide on assigning employees to assist the Audit & Supervisory Board in their auditing duties when needed.

7. Matters on ensuring the independence of the Company's Audit & Supervisory Board support staff and the effectiveness of instructions given to these staff

Transfers, performance evaluations or other personnel-related actions for employees assisting the Audit & Supervisory Board shall be decided respecting the opinion of the same board to ensure their independence from directors and executive officers. These employees shall follow the instructions and directions of Audit & Supervisory Board members when assisting with auditing duties.

## 8. System for reporting to the Company's Audit & Supervisory Board

### (1) System for reporting to the Audit & Supervisory Board—applicable to directors and employees of the Company

The Company's auditor office has the power to audit all subsidiaries, and shall report auditing results to our Audit & Supervisory Board as necessary based on internal audit rules. Directors shall report promptly on matters pertaining to the execution of business operations when requested by Audit & Supervisory Board members.

### (2) System for reporting to the Audit & Supervisory Board—applicable to members of SATO Group's subsidiaries, including directors, audit & supervisory board members, employees who execute business operations, persons who perform roles as stipulated in Article 598, Paragraph 1 of the Companies Act, any who are of equivalent responsibility, and any who receives reports from them

The Audit & Supervisory Board has the right to request directors or employees of the Company or its group companies to report to and provide explanation at its board meetings when necessary.

## 9. System to ensure fair treatment of members who report issues (as described in the preceding item) to the Company's Audit & Supervisory Board

We shall establish external points of contact for whistleblowers to adequately ensure their anonymity, and prohibit anyone from treating them disadvantageously. Any information reported shall be handled and managed by the Audit & Supervisory Board in an appropriate manner.

## 10. Matters concerning the processing of advance payment or reimbursement for expenses or payables resulting from the execution of duties by the Company's Audit & Supervisory Board

Audit expenses shall be budgeted annually to a certain amount, and payment claims from Audit & Supervisory Board members shall be processed promptly to facilitate the execution of their duties.

## 11. Other frameworks to ensure effective audits by the Company's Audit & Supervisory Board

Audit & Supervisory Board members can attend important meetings to listen to reports on the execution of business operations by the Company's directors and employees, and at the same time, peruse meeting minutes and records of important resolutions. Also, the Audit & Supervisory Board has the authority to audit group companies freely.

## **2. Basic Views and Frameworks for Eliminating Anti-Social Forces**

The SATO Group shall act in accordance with laws and not yield to anti-social forces, taking a resolute stance in refusing any relationships with them by establishing necessary internal regulations as part of our corporate social responsibility. We shall set up a department that manages our responses to anti-social forces, and collect information from related government agencies and external specialists. We shall work closely with these parties as we conduct thorough in-house education to ensure that issues concerning anti-social forces are dealt with as quickly as possible.

## V. Other

### 1. Implementation of Anti-Takeover Measures

Implementation of anti-takeover measures	Not adopted
--	-------------

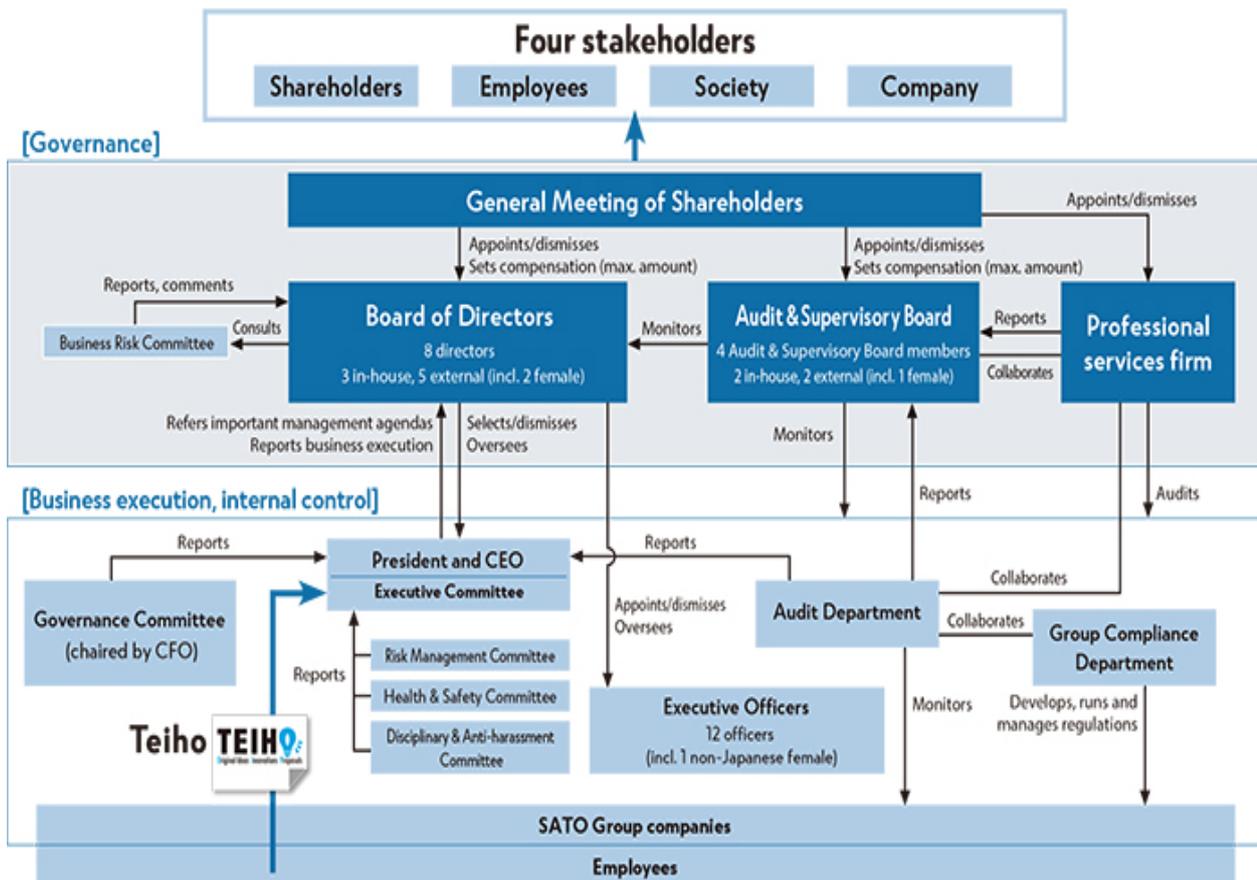

Supplementary explanation
---------------------------

At this point in time, the Company has no plans to implement anti-takeover measures.

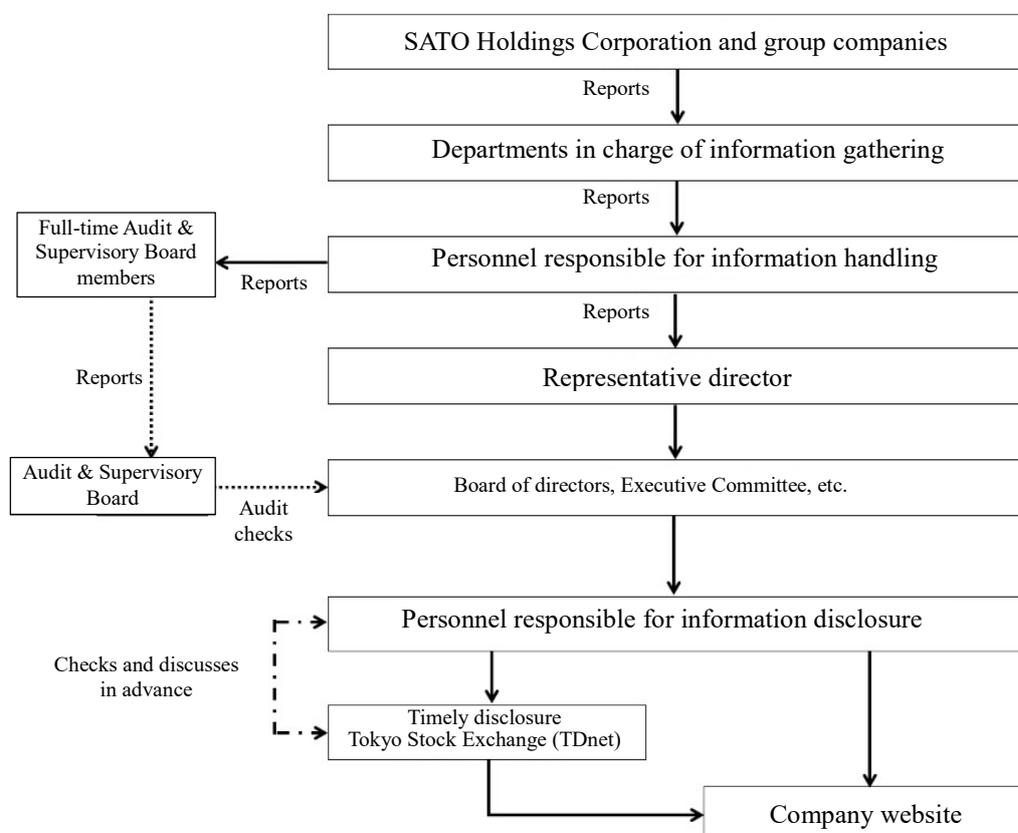

### 2. Other Matters Concerning Our Corporate Governance System Updated

\*Refer to the Company's website (<http://www.satoworldwide.com/investor-relations/management-policy/corporate-governance.aspx>) for details about our corporate governance system pictured below.

## SATO's Corporate Governance

## \*System for timely disclosure

### \*Overview of internal system pertaining to timely disclosure of company information

Aiming to maximize corporate value on a medium- to long-term basis and to become the most trusted company in the auto-ID solutions industry worldwide, our basic stance on information disclosure is to engage in constructive dialogue with stakeholders including shareholders, investors, and local communities to disclose information with consistency, continuity, speed, fairness, and transparency. We strive to achieve fair, timely and appropriate disclosure of information that can be used by stakeholders to understand our company properly while complying with laws/regulations and the timely disclosure rules of stock exchanges.

#### (1) Information related to decisions made

Information of this nature is contained within our general affairs, legal, and corporate planning departments. The Company and its group companies check for any information that requires disclosure based on timely disclosure rules and other applicable laws/regulations, and report them accordingly to the representative director or Executive Committee through the CFO who is responsible for information handling. Resolutions are passed by the board of directors where necessary, and the information is then disclosed immediately.

#### (2) Information related to occurring facts

Based on internal rules, information of this nature is reported by executive officers in charge or the management of the relevant group companies to the representative director or Executive Committee through the CFO who is responsible for information handling. Any information subject to the timely disclosure rules and other applicable laws/regulations is then disclosed immediately.

#### (3) Information related to financial performance

Information of this nature is prepared by each consolidated company and compiled into a final financial report by our finance & accounting department which is then disclosed immediately upon approval by the board of directors.
